September to May

Do you have a young child between 18 months and 3 years old who is not yet ready for preschool?

Do you need a little time to gather your thoughts, take a break, run a few errands, visit a friend, nurture your own spirituality, or simply read a book without interruption?

Would you like your child to learn there are other loving and caring adults and children who will play with them and help them learn and grow?

Children's Day Out may be able to help.

Children's Day Out offers:

- *A small program where children and their families feel at home.
- *Two gifted and loving teachers.
- *Abundant opportunities for children to express their creativity.
- *An exciting variety of activities to spark children's imaginations and keep them involved and active.
- *Reasonable tuition

Program

Children's Day Out is a one day a week program for children from 18 months through 3 years of age who have not yet begun preschool. Children play, laugh, dance, run, learn, create, share and explore together. We play with playdough, paint, play in the sandbox outside and do other fun and "messy" activities. We also have snack, read stories, and eat lunch together.

At this age, children often play independently. They also make friends and play in groups of two or three. Periodically throughout the morning, we invite all children to participate in particular group activities, though they are not required to do everything.

Staff

Two gifted, loving, and experienced teachers care for up to eight children per session. Our teachers love what they do, and it shows! Teachers send parents email notes with details about their child's morning, including things such as what books they read, what art projects they worked on, and what they did during outside play.

Snack

We provide a snack and water each morning around 10:00 a.m. Snacks may include cheerios, Goldfish crackers, pretzels, fruit snacks, or other choices. We provide each child with a sippy cup of water that is washed after each morning, and is always available to your child.

Lunch

Parents must pack a lunch for their child in a lunch box, bag or container. Teachers help children open the contents at lunch time, usually between 11:30 and noon. Parents may send a drink with the lunch.

Parents need to let teachers know if their child has food allergies or does not tolerate certain foods.
